## **Muzzleloader Shoots at Chillicothe Sportsmen's Club**

Muzzleloader shoots are held the first and third Sundays starting in March and ending in October. Most shoots are traditional off hand matches, shooting a various type of paper targets.

Targets are varied, how about an Albino Squirrel, Snake's head or sometimes a regular Bullseye target.

Most targets are shot at 25 yards, 5 shots per target and we shoot 5 targets per match. We also have Clay target matches, most of us using muzzleloading shotgun. Blackpowder pistol matches are held, at some of the events.

Our firearms are usually replicas from the 1700's & 1800's. Again most matches are fired off hand; guns have open sights either barrel or peep. We use the patched round ball, being fired by black powder, or an accepted replacement like Triple 7, Pyrodex or couple other offerings.

If any CSC member would like to try a match we can loan you a rifle and give you instructions to get you going. Call match director Tom French or stop by one of our shoots.

## **Cowboy Shoot**

In order to shoot Cowboy Action, you need to get some duds, but for the local matches, we won't get real fussy right off. Wrangler jeans & a cowboy shirt and a

hat top the list, and boots come next. Shootin' irons to shoot a match are a pair of single action revolvers. If you are starting out I suggest buying .38 Special guns. Cheaper to shoot. Then a lever-action rifle is needed, and it's probably best in the same caliber. A 12 gauge double barrel shotgun is probably your best bet for a shotgun. And remember, you just need to ask and somebody will plunk some iron in your hands and let you see how it feels to run a few rounds through it. It's the cowboy way.

Now, having said all that, PLEASE don't run out and buy guns,... just like that! Drop by a match, come grab a bite with us after the match and visit. Point is, lots of times folks know of used stuff for sale that will get you started, AND folks know which stuff works and which stuff works not so much,... which guns are fussy and which ones just keep running. In other words folks will be happy to help you get started - folks will loan you stuff, and almost everybody has old holsters laying around they don't use anymore.

Then there's the business of reloading. If you get into this Cowboy game, you will probably want to reload, and that's a whole other field of dreams you will get to learn about. It's not that hard, but

If you don't get a little friendly counsel, you could spend a lot you don't need to. Now, you can think of an alias for your very own. Everybody has one!
